

Volunteer Schedule February to May 2009

O.K. Sports Fans. Here is the eagerly awaited volunteer schedule.

At our last monthly meeting we decided to do up a roster made up of AWMTB members for upcoming events. As you can appreciate organising volunteers for events, especially larger events like the MAC09 weekend is one of the biggest challenges. We have chosen people according to our membership list and if you have not been listed as a volunteer for the upcoming events then you will be named for events later on in the year. The idea is to have all club members actively involved in the running of the club.

Because you are down for volunteering does not mean that you specifically have to do it. You just need to organise someone who can. Parents, family, friends?? This is particularly relevant when your name is down for timing.

If you are unable to help out for an event you are rostered on, please let the race organiser know ASAP.

MAC09 Weekend

If you have been put down to assist with an event that you would like to race please let us know so we can swap you. Our highest priority is to get everyone racing.

Also if you are not down for this event but you are available to assist, especially with the Down Hill, please let us know. The more volunteers we get the easier life is for everyone.
